

MURDER POLICE RECRUIT FORCE

Fifteen Members of "Black and
Tan" Auxiliary Are Slain Near
Macroom, Ireland

REPRISALS ENSUE

Dublin Raids Continue and Reports
of Outrages in Other Parts of
Ireland Are Rife

Macroom, Ireland, Nov. 29. — (By the Associated Press.) — Two lorry loads of new recruits in training for the "black and tan" auxiliary police were ambushed last night by from 20 to 30 men near Kilmichael and 15 of them were killed. The bodies were brought here this evening.

Already reprisals have begun and reports from the village of Johnstown, between Macroom and Dunaway, state that scarcely a house there is undamaged and that most of the shops in the district have been set afire. The residents are fleeing from the place in terror.

Here shops have been closed and all business is suspended. Large parties of auxiliaries bearing rifles and revolvers are parading the town and the people are apprehensive that the auxiliaries will take vengeance.

Report Halls Irish Debate.

London, Nov. 29. — (By the Associated Press.) — Dispatches relating to the killing of 15 auxiliary police cadets near Kilmichael were read in the house of commons by Sir Hamar Greenwood, chief secretary for Ireland, during the course of the Irish debate today.

The parties which ambushed the cadets consisted of from 80 to 100 men, all dressed in khaki and wearing steel trench helmets. They fired from both sides of the road on the lorry and also directed an enfilading fire straight down.

Some of the men had been disarmed and brutally murdered; their bodies were rifled of all money and valuables, and even clothing was taken from the corpses. Arms and ammunition were also taken and the lorry burned.

The secretary thought that with 15 former officers of the late war thus lying dead, the house would not wish to continue the discussion in the face of such a challenge to patriotism and civilization.

The subject was then dropped.

Arrest Fire Suspect.

Liverpool, Nov. 29. — (By the Associated Press.) — A young man who declined to give his name, but who said he was a Sinn Féin and a native of Dublin, was arraigned in the police court here this morning, on a charge of murder in connection with the cotton warehouse fires Saturday night. He is 25 years old.

The police stated that the prisoner and two other men were discovered near the scene of one of the fires acting in a suspicious manner. The three men tried to escape when the police accosted them, and the man under arrest is accused of having fired at the officers. His bullet went astray and killed a civilian.

It is charged by the police that the man under arrest had in his possession plans of the premises in which fires occurred. He was remanded to prison for one week.

Latest Sinn Féin Plot.

London, Nov. 29. — The Evening Standard says the latest Sinn Féin plot contemplates the burning of houses and other property in England belonging to "black and tans" who are serving in Ireland. The newspaper asserts that the details of the alleged plot came into the possession of the authorities as the result of a raid on the Irish mails.

The Standard says that not only have cabinet ministers received letters threatening them with personal violence, but that threats are now being made against members of their families.

Burn Transport Workers' Home.

Belfast, Ireland, Nov. 29. — (By the Associated Press.) — During Sunday night the headquarters of the Transport Workers' union on Camden quay, Cork, and an adjoining house, which were set on fire there was considerable looting. Women who ordinarily are declared to have been confined in little better than rags are said to have been about the streets wearing hundred guinea fur coats.

Dublin Raids Continue.

Dublin, Ireland, Nov. 29. — Raids and arrests continued in Dublin today. Among the persons taken into custody was William Sears, Sinn Féin member of parliament for the southern division of county Mayo.

Mr. Sears in 1919, was sentenced to six months imprisonment on a charge of leading persons to shoot the military, the police and government officials.

Report Bomb Explosion.

London, Nov. 29. — A bomb was exploded at 1 o'clock this morning in the building occupied by a hide merchant in Old Swan Lane, near London Bridge. A floor of the building was wrecked, but nobody was injured. The bomb apparently had been left in

NEW YORK SIFTS CITY CONTRACTS

Wrangle at Opening of Investigation
by Board of Estimates
Delays Proceedings

New York, Nov. 29. — While a new extraordinary grand jury was being sworn in today to consider any crimes unearthed by the legislative committee investigating the alleged "building trust," the board of estimates, sitting as a committee, began its inquiry into \$52,000,000 worth of city contracts.

The jury in the trial of George Backer, millionaire builder, charged with perjury in his testimony before the legislative committee, was also completed today in the general sessions court and the desks cleared for the hearing of evidence tomorrow.

The new extraordinary grand jury, the second to hear evidence developed in the building investigation, was selected from a panel of 50 prominent merchants, brokers, bankers and other business men.

Each prospective juror was questioned by Samuel Untermyer, counsel for the legislative committee, and deputy Attorney General Berger, as to whether he believed in combinations to restrain trade and as to his views on organized labor.

Justice McAvoy charged the jury that its function would be to consider charges of extortion, price fixing and conspiracy in restraint of trade, and the other specifications which featured Governor Smith's order instituting the present investigation. Suspicion, he said, must have no action in seeing that violators of the law enjoyed no immunity from proper punishment.

The opening of the investigation of the board of estimates was delayed today by a wrangle during which Henry Curran, president of the borough of Manhattan, withdrew after explaining that in his opinion the board's inquiry might interfere with the legislative committee investigation.

Comptroller Charles Craig also was absent.

Frederick Tench, of the firm of Terry and Tench, steel erectors and contractors, building the new city piers on Staten Island, was the first witness. He testified that the Hudson Trust company had demanded \$50,000 over and above the legal interest charges for a loan of \$750,000, required by the firm to finance its contract work.

LEGAL FRAY OPENS ARNSTEIN'S TRIAL

Admissibility of Documents Furnished Government by Attorney Is Basis of Fight

Washington, Nov. 29. — A legal fight over the admissibility of documents furnished to the government by Assistant District Attorney Dooling of New York, marked the opening here today of the trial of Julius W. (Nick) Arnstein, Willem W. Easterday, Norman S. Bowles and David W. Sullivan, charged with having conspired to bring securities stolen in New York into the district. Justice Gould, before whom the case was being heard, promised to rule tomorrow on the motion of the defense that all the papers be returned to the defendants as having been illegally seized.

The documents were described as having been the property of the brokerage firm of Sullivan and company, with which Easterday, Bowles and Sullivan were connected. Hugh J. Fallon, of New York, counsel for Arnstein, contended that the seizure of the papers by New York authorities was a specific violation of the "constitutional prerogative" of his clients and flatly questioned the genuineness of the order of the district court in New York, submitted by Mr. Dooling as his authority for delivering them here.

MAIL TRAIN LOOT BURNED BY SELF CONFESSED YEG

Kansas City, Nov. 29. — Keith Collins, in custody of federal officers here, signed a confession admitting participation in the robbery of a Chicago, Burlington and Quincy mail train at Council Bluffs, Iowa, postal inspectors announced today. Collins was arrested in Oklahoma yesterday. Estimates of the amount of the loot have run as high as \$2,500,000, mostly in securities.

The alleged confession, made to Postal Inspector Johnson, relates that Collins burned all of the loot he is said to have received, except \$500, which the postal authorities said they found on his person when they arrested him. Collins, according to the authorities, feared the bonds and other securities were marked.

Burn Sinn Féin Bank.

London, Nov. 29. — The premises of the Sinn Féin bank in Harcourt street, Dublin, were set on fire early this morning, says a dispatch to the Exchange Telegraph from Dublin.

Dublin Press Office Fired.

Dublin, Ireland, Nov. 30. — The Freeman's Journal office was set afire by armed and masked men about midnight. Three girls living on the top floor had a narrow escape from death.

Poor Man Tells Why He Spurned Millions

Buzzard's Bay, Mass., Nov. 29. — Charles Garland, the young man who has renounced his rights to a million dollar legacy left to him by his father, James A. Garland, who was a wealthy clubman and yachtsman of Boston, today made a formal statement of his reasons for rejecting the money. His statements, he said, were due to the fact that the many reports of his failure to accept the legacy had failed properly to present his position.

"I refuse to accept the money because it is not mine," was young Garland's summary of his action. "A system which starves thousands while hundreds are stuffed, condemns itself. A system which leaves a sick woman helpless and offers its services to a healthy man condemns itself. It is such a system that offers me a million dollars," he continued.

"It is blind to the simplest truth known to every child, the truth that the hungry should be fed and the naked clothed. I have had to choose between the loss of private property and the loss which is written in every human heart. I choose the one which I believe to be true."

Garland, who has stated that he renounced his claim to the million dollars because he thought Christ would have done the same, continued:

"I believe I could do no good with the money. It is the man who gives food to the hungry who does good, not the dollars given in exchange for the food. I would be happy to be the men if I had the food to give; but I cannot lend myself to handling the money that is not mine even though the good that might be done is possibly great."

Many people have written to tell him what could be done with the money, he said. "They seem almost proud to point out the power that I have in my hand," he said. "I am most pitiful thing they could point to. You cannot serve God and mammon." So many people ready to serve the dollar means so many less to serve God. There are great opportunities to do good, but they are in men's hearts, not in my check book.

A preacher in the name of Christ said this million should have been turned to good. He thinks that God's work is paid for in dollars. God's work will never be done until men see that this theory is untrue."

Mr. Garland's statement was made from his home here, a former inn of stage coach days. The young man, who is 22 years of age, is living at the house with his wife and infant daughter as the guest of his mother, Mrs. Marie Tudor Green, who supplies them with a maid and keeps their larger full. He plans to go to work eventually, he said, but a year at Harvard college which he left to get married, and preparatory schooling in this country and in England fired him for no work ready at hand, and he said he thought it would be spring before he found anything. Mrs. Garland joined with him in his renunciation of the million, Garland said. His mother, although not holding the same views, has told him to do what he thought right.

In another house on the estate lives James A. Garland, third, a brother of Charles Garland, who has accepted his share of his father's estate, made larger by the fact that the mother of the boys abandoned her rights in order to marry Francis B. Green, after the death of her first husband. At Harvard college is Hamilton Garland, a third son, who lacks several months of reaching his majority. His brother, Charles, said today that he understood Hamilton also was considering refusal to take his share when he became of age. Their ideas on the subject were somewhat similar, he said, although the influences of education and environment were not identical.

Garland intimated that his refusal to take the money was not based on any question attached to the origin of the Garland fortune, save he did not know from what source it was derived, but he believed it came down from his grandfather.

FIND STAR ELEVEN DIFFICULT TO PICK

Unusual Conditions at End of Season's Play Make Usual Selection a Complicated Task

New York, Nov. 29. — The close of eastern college football seasons finds the task of selecting a championship eleven more complicated than usual.

In past years it has frequently been the case that one "varsity" team with a remarkable record at its back, stood out so prominently that it was the choice for titular honors among a large majority of the gridiron experts. Such a situation does not exist at the termination of the 1920 play.

Six college or university eleven have come through the season without defeat, but in the case of five of these teams the record was marred by one or more tied games. Boston college is the only one which has an absolutely clean slate to date, and that team still has one game to play, being scheduled to meet the strong Holy Cross eleven next Saturday.

Harvard, Princeton, Pittsburg, Penn State and Stevens all closed their schedules undefeated, but the tie contest between Princeton and Harvard left the question of supremacy unsolved. Penn State played the games with Pittsburg and Lehigh; Pittsburg was tied by Syracuse and Penn State while Middleburg held Stevens to a scoreless tie.

While comparative scores and comparison of individual games is a futile means of arriving at the strongest team in any section, it can be safely stated that if a championship team were to be selected, it would be found among the combinations enumerated.

ORDER RESTRAINS RAIL RATE BOOST

Last Saturday's Injunction Against Long Island and Staten Island Companies Continued

New York, Nov. 29. — A temporary injunction restraining the Long Island railroad and Staten Island Rapid Transit company from increasing their rates, granted last Saturday, was continued in Brooklyn today by Supreme Court Justice Benedict pending consideration of arguments and papers in the case.

A hearing on similar restraining orders affecting the other railroads operating in New York state is scheduled next Saturday at Kingston.

Previous to the temporary stays all had served notice of intentions to increase rates today on intrastate business in conformity with the interstate commerce commission's recent ruling on intrastate rates. These included an advance of 20 per cent in passenger fares.

Justice Benedict in his order continuing the restraint on the Long Island and Staten Island roads, granted permission for the three parties to intervene in the case—the corporation counsel in behalf of New York city, the Queens Chamber of Commerce and the Public Service commission.

TRIP PLEASES HARDING.

On board steamer Pastores, by wireless to the Associated Press, Nov. 29. — Homeward bound from his vacation trip to the canal zone, President-elect Harding today told friends aboard the vessel that he was greatly pleased with the results of his visit to the isthmus.

INVOLVE TREASURY IN \$500,000 CASE

Grand Trunk Western Railway
Company Institutes Case Under
Transportation Act

Washington, Nov. 29. — Mandamus proceedings against the secretary of the treasury were instituted today in the District of Columbia supreme court by the Grand Trunk Western Railway company to require payment of an interstate commerce commission certificate calling for \$500,000 as due the road under guarantee provisions of the transportation act. Justice McCoy issued an order returnable December 7, requiring Secretary Houston to show cause why the writ should not be granted. While the Grand Trunk company is the only petitioner in the case, approximately \$400,000, 000 claimed by the railroad is involved in the litigation, according to a statement issued tonight by the Association of Railway Executives.

"This proceeding grew out of the opinion rendered October 7, by the comptroller of the treasury," the statement said, "based upon certain certificates presented by the Interstate Commerce commission to the executive department in favor of the Grand Trunk Railway company and the Detroit, Grand Haven and Milwaukee railroad, in which opinion, the comptroller of the treasury held that partial payment could not be made by the secretary of the treasury to a carrier in advance of final statements."

"The comptroller took the position that the Interstate Commerce commission was empowered to issue only one certificate to each carrier, which certificate must be for the full amount of the final settlement. While in this proceeding, the Grand Trunk Railway company is the only petitioner, yet the result of the decision rendered in this case will involve the payment of approximately \$400,000, 000 now due to railroads of this country under the guarantee provisions of the transportation act."

"This proceeding is a test case deemed necessary to settle what the law is in regard to the authority and obligation of the treasury department to make partial payments under the guarantee when amounts are certified by the Interstate Commerce commission as certainly and in all events due, without waiting before making any payments, for the final results accounting which cannot be accomplished for a very considerable time."

Secretary Houston said today that no course was left the treasury but to follow the decision of the comptroller unless a contrary decision should be rendered by the courts.

SCIENTISTS' CASE NEARS CONCLUSION

Withdrawal of Mrs. Emilie B. Hullin, a First Member of the Church, Simplifies Proceedings

Boston, Nov. 29. — The full bench of the supreme court today sat in judgment on the final stage of the litigation in which several factions of the Christian Science church are involved in an attempt to determine where control of the organization and its several auxiliary chapters rests. The closing arguments brought together an array of counsel of high standing and attracted an audience whose members were drawn from far places. The litigation was simplified somewhat by the withdrawal of Mrs. Emilie B. Hullin of Brooklyn, who had claimed a voice in the proceedings in her capacity as a first member of the church, the governing body that preceded the board of directors. Miles M. Dawson of New York, her counsel, in announcing Mrs. Hullin's withdrawal, said she abandoned her attempt to intervene in the suit of the trustees of the Christian Science publishing company against the board of directors of the mother church, believing that all her rights were fully protected in the petition of Attorney General Allen of Massachusetts, which asserts that under the manual of the church the directors are the governing bodies and have the power to remove members of the board of trustees.

MURDER SUSPECT CAUGHT

Story of Pierce Murder by Pittsburgh Captive Compares with That of Others Arrested

Pittsburgh, Pa., Nov. 29. — Jack Moss of Philadelphia, was arrested here tonight and, according to the police, is being held in connection with the killing of Henry T. Pierce, in his apartments at Philadelphia two weeks ago. Clyde S. Edeburn, captain of detectives, announced that Moss had told him that he was present when Pierce was killed, but that the prisoner said he had no actual part in the killing.

According to Captain Edeburn, Moss told a story similar to that recited by Marie Phillips and Peter D. Treadway, who were arrested in Wheeling, W. Va., in connection with the Pierce killing.

Moss told the police, Edeburn said, that he was one of the four persons who made the trip from Philadelphia to Wheeling in Pierce's automobile.

Speaking of the killing of Pierce, Edeburn said the prisoner declared that a party was being held in the Pierce apartments when a holdup was staged and that during the fight the manufacturer's agent was killed.

RAILWAY LABOR BOARD WARNED

Check on Men Will Cease Unless
Some Plan to Adjust Differences Is Forthcoming

STONE MAKES STAND

Engineers' Chief, With Officials of
15 Other Recognized Brotherhoods, Demands Action

Chicago, Nov. 29. — Warning that the ultra conservative leaders of the railroad brotherhoods would cease their efforts to hold the men in check unless some plan to adjust differences between roads and employees is found, was delivered to the United States railway labor board today by Warren S. Stone, Cleveland, grand chief of the Brotherhood of Railway Engineers.

Appearing before the board with officials of the 15 other recognized unions, Mr. Stone announced that after being classed "for 17 years as an ultra conservative, I have arrived at the point where I am through making excuses to the men."

"There must be some plan found somewhere, some place whereby we can get results for these men," Mr. Stone continued.

Other Officials with Stone.

"The locomotive engineers have carried the load of responsibility for years. We have tried to embody your board's decision of last July in agreement with 558 railroads, but only four of these agreements have been signed. The roads refuse to sign until the board passes on the question of rules."

The decision last July raised railroad wages \$600,000,000.

With Mr. Stone appeared officials of the other employees' organizations, asking that the board hold a meeting to decide on the creation of national boards of adjustment which would hear and pass on controversies other than wage disputes. As a result of the official declaration this afternoon, the board agreed to an immediate hearing on the request, and if it is decided to comply an early hearing will be set.

A motion, passed unanimously by the executive committee on the 16 employees' organizations, was read by E. H. Fitzgerald of the Brotherhood of Railway and Steamship Clerks, Express and Station Employees. The motion resolved to submit an ex-parte statement of disputes with railroads on the matter of creation of national boards of adjustment and asking for an immediate hearing. Mr. Fitzgerald told the board that the situation was urgent.

Lee Explains Request

W. G. Lee, president of the Brotherhood of Railway Trainmen, explained that the request concerned national boards which could hear and pass on controversies.

"Action to change the present situation is necessary," declared Mr. Lee. "I do not refer to your jurisdiction or authority. I believe the majority of controversies is not concerned with your decision of last July and the operating officials feel that they are not bound by that decision."

"The chief executives of the men have told them that they must adhere to the railway act, that they must submit any controversies to the board before taking a strike vote or interfering with traffic. But if the operating officers are not bound, there is nothing left to do but to go back to the old method. That we do not want to do if we can help it."

Speaking for the Brotherhood of Railway Conductors, L. F. Shepherd, the president, told the board that the request concerned a board auxiliary to the labor board, to which can be referred questions not involving wages, with a view to lightening and expediting the present board's labors.

MANDATE ISSUES ARE CONSIDERED

Removal of Commission From Governmental Influence Is Task of League Council

Geneva, Nov. 29. — (By the Associated Press.) — Removal of the mandates commission as far as possible from governmental influence, was the task undertaken by the council of the League of Nations today. It was decided that the members of this commission shall be appointed by the council on personal merits and competency and that they shall not occupy any position involving dependency upon their government.

The sub-committee on blockades passed a resolution proposed by Lord Robert Cecil, delegate for South Africa, that the council be asked to name an international commission on blockades, whose duty it shall be to report to the assembly the measures it finds necessary to put an economic blockade into effect. This is regarded as quite likely to put off a definite solution of the blockade question until the next meeting of the assembly.

SEVERE EARTHQUAKE FELT
IN NORTHWESTERN STATES

Portland, Ore., Nov. 29.—An earthquake felt in various degrees of mildness from here to Spokane, Wash., was experienced yesterday at Hood River, Ore. It was strong enough to awaken sleepers and to cause some alarm. At Spokane it was said to have been pronounced an earthquake of a duration of 15 minutes.

Washington, Nov. 29.—An earthquake of moderate intensity beginning at 6:43 a. m. and ending at 7:04 a. m., was registered Sunday by the Georgetown university seismograph. The area of the disturbance was about 8,000 miles from Washington.

PATROL STRIKE ZONE.

Williamson, W. Va., Nov. 29.—A provisional battalion of approximately 100 men of the United States army camp at Chillicothe, Ohio arrived here yesterday. The troops are here in response to a request of Governor John J. Cornwell, who decided that the disorders of the past few weeks had created a situation which the state and county officers could not cope with.

QUICK RELIEF FROM
CONSTIPATION

Get Dr. Edwards' Olive Tablets

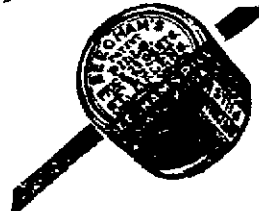

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping as the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown stool"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them.

CITY TOURNAMENT OPENS.

Wrens Defeat Blue-Jays Three Straight Games at Oneonta Hotel Alleys.

Last evening the city bowling tournament was opened, when the Wrens defeated the Blue-Jays three straight games. Although the Wrens did not win a game they showed very consistent bowling. Kniskern, the captain of the Wrens made the high score of the evening, scoring 465 as total for three games. The score of the games was as follows:

Wrens.			
Kniskern	122	173	164
Bert Face	126	169	152
Slavin	119	123	132
Russell Stapleton	136	110	114

CO. G TRIMS SHOPS

Win Third Game of Season by Score of 21-20—Game Close and Exciting—Both Teams Have Edge for a Time—Next Game Tuesday, Dec. 7, When Co. "G" Plays Wanderers.

Company "G" won the third indoor baseball game of the season at the armory last evening by a score of 21 to 20, administering the second defeat to the Shop team. The game proved more interesting than the early innings indicated and for a time it looked as if the militiamen were in for a beating. From the seventh inning it was nip and tuck, with the outcome in doubt.

In the first the Shops brought in a single, and in the same inning the soldiers started in pounding the pill all over the diamond and kept up the same gait throughout the second, piling up 15 runs in this inning. It was then the Shops tightened up, holding them down to goose eggs in the next four innings, while they piled up 11 runs. In the seventh both teams broke even, each side scoring three runs, in the eighth the shops scored four runs, and the "G" team one using the score at 13 each. In the ninth the Shops pulled in one run, and the soldiers brought in two, and the game was over.

Indoor baseball is getting more popular in the city, as was evinced by the crowd which had grown in somewhat larger proportions since the first game. It is a good sport and as the admissions are free there should be a goodly number of spectators.

The next game will be held at the armory Tuesday evening, December 7, at which time the company will play the Wanderers. This will surely be a battle royal, as both teams have won a game, with Co. "G" leading in the total of season's games. The Wanderers are always a good drawing crowd, as they have established a wonderful record in this city as well as the surrounding country, for their performance in athletic feats, having come through every season with a string of victories far outnumbering their defeats. Every one who is interested in athletics should attend this game. Both teams are playing good baseball, and supporters for both sides are enthusiastic as to the outcome of this game.

MARKET FOLLOWS

UNSETTLED TREND

Prices of Leaders React and Rally With Much Confusion in First Session of Week

New York, Nov. 29.—There were no developments in the course of today's session stock market to suggest that sentiment in speculative or financial circles had experienced any material alterations from the unsettled conditions of the last few weeks.

Prices of leading shares reacted and rallied with much confusion, issues of the same class frequently moving contrarily. Dealings were notably lighter, with no recurrent, sale in mild form, of the recent liquidation.

News over the week-end was conflicting, but lacking mostly in the constructive qualities necessary to elicit public interest. The west reported a let down in the investment situation and further reduction of railway tonnage.

In the commodity market, cotton quotations wavered again and flour and copper recorded new low prices for a period of years. Further curtailment of working forces by the New Haven and other railway systems testified anew to backward transportation conditions.

Domestic money conditions remained easy. Foreign exchange was erratic.

Oils, as well as rails, including some of the junior or recognized properties of the west and southwest, were among the stronger features of the list, steel, equipments and shippings continuing to ease under professional pressure.

The few noteworthy gains at the end embraced Mexican Petroleum, Baldwin Locomotive, Retail Stores and American Woolen.

The bond market was irregular, also on a smaller turnover in its usual active features, including Liberty issues. Total sales, par value, aggregated \$14,550,000. Old United States bonds were unchanged on call.

Shorty drops in on New York!

HERE WE ARE, PETE!

Camped once more in the plumb centre of our old stamping grounds—rubbing elbows with the roaring racket and running flush into more electric displays, blazing posters and smashing signs that sound the joys of Camel Cigarettes than you'd ever believe could be jammed into one town!

When I hit Broadway this p. m. I'd said the Reynolds folks had transplanted "Camel City" right up here!

It seems like all New Yorkers have adopted Camels as their own personal brand! And, Pete, since this is the original speed town it's only what you expect when you see 'em carry a package of Camels in each coat pocket. If their right hand is busy, they dig out their left hand deck—they just won't lose time getting a Camel lighted! That's the gait around here, old thorobred!

And, Pete, the New Yorker has his own A-1 pet ason why he's so keen for Camels. For instance, Doc Marshall will bet his car on Camels quality against any cigarette in the world! Bill James says to me—"Shorty, there never was mild, mellow body like Camels." And, as for Dan Boggs—he spills it that Camels are the only cigarette free from any unpleasant cigarette aftertaste or cigarette odor! And, he knows! Frank Frazer will tell you it's Camels wonderful Turkish and Domestic blend! And all of them are right!

nd, Pete, old proof-of-the-pudding—you tell 'em that Missouri hasn't anything on little old New York when it comes to that "show me" stuff, on cigarettes anything else!

Sincerely
Shorty Camel CIGARETTES

MARRIED AT SCHENECTUS

Maryland and Decatur Couples Wed.—Schenectus, Nov. 29.—Married, at the Baptist parsonage, by the Rev. N. E. Feagles, on Wednesday evening, Nov. 29, James Wilson and Delpha Foster, both of Decatur. They were attended by Mr. and Mrs. Donald J. Potts of Schenectus.

Davis-Odell

William Davis and Miss Fannie Odell, both of Maryland, were united in marriage at the Methodist Episcopal parsonage last Wednesday morning by the Rev. F. W. Connell. They will reside in Maryland. Mr. Davis is employed on the D. & H. railroad.

Personal Paragraphs

Mr. and Mrs. George W. Chase were Thanksgiving guests of Mr. and Mrs. Webster Chase at Herkimer. A large class of candidates was initiated at the regular meeting of the O. E. S. last Tuesday evening. A special meeting for the purpose of initiation will be held Tuesday evening, Nov. 30. — Mr. and Mrs. Edward J. Dykeman have been spending a week with their

son, John Dykeman, at Schoharie, who is superintendent of the Borden's plant in that village. — Claude Wickham and son, Jay, of Lake Como, N. J., are visiting Mr. and Mrs. J. Carey Wickham. — Perry Boardman of Cleveland, Ohio, was a guest of Mr. and Mrs. Edward E. Boardman on Thanksgiving day. Mr. Boardman has recently received an appointment as district passenger agent for the Chicago and Great Western railroad with offices at Cleveland and Pittsburgh, Pa. — Among the young people home for Thanksgiving vacation are Miss Grace Lippincott of Syracuse university and Thomas E. Lippincott, Jr., of Poughkeepsie Business college. — The Card club was entertained pleasantly at the home of Miss Margaret Brady Wednesday evening. — Leroy Hill has moved from South Hill to East Worcester. — Harry Turner has moved from his farm at South Hill to Leroy Milk's house on Elk street. — Misses Kittie and Minnie Wilber of Oneonta were guests of Mr. and Mrs. Willard

Stolen Auto in Worcester

Worcester, Nov. 29.—Several days ago some unknown person left a Ford car by the roadside on East Main street in this village. After a day or two the car was examined, and under the back seat was found some mail addressed to Luther Howard, Lisle, N. Y. A message to Mr. Howard brought the news that the car had been stolen from him. About the only damage to the machine came from water freezing in the radiator.

CREAMERY TO CLOSE

Ayer and McKinney's Announcement Affects North Franklin Dairymen.

North Franklin, Nov. 29.—"The closing of the creamery" is the principal topic of the day in North Franklin and vicinity, as a result of the notice just published by Ayer and McKinney to the effect that commencing December 1 the creamery at this place would be closed in order to reduce expenses. The local creamery, or skimming station, has about 30 patrons, some of whom had signed a contract with the company good as they supposed until April 1, 1921, and these were quite surprised when the notice

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing, regenerative compound. It is sold in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Company, Binghamton, N. Y., for a sample bottle. When writing be sure to mention this paper.

was posted. Others had foreseen the action and had not renewed their contracts. There is strong talk among local dairymen of building a creamery of their own, and several of them have already signed for the pooling plan of the Dairymen's league.

Grangers Enjoy Oyster Supper. After the business meeting of the Outlook grange last Tuesday evening at the home of Mrs. Irene Elderton, the members and their families enjoyed an oyster supper "with all the trimmings." This was followed by a social hour, with games and music. The evening was one of great pleasure for all present, as is always the case "when good Grangers get together."

To Complete Church Improvement

The trustees of the Aldrich Baptist church have engaged a Sidney contractor to finish up the carpenter work on the church, which includes improving the basement for use as a dining room and kitchen. S. E. Carr of Walton is planning the improvements, which are much needed and will be of great benefit to the church people when completed.

Munson Sells Sawmill

C. A. Munson, who has done a good deal of custom sawing during the past few years, has sold his mill, and it is now being demounted preparatory to being moved to its new location. It will be recalled that Mr. Munson set up this mill to saw the lumber for the Aldrich Baptist church.

Moving to Whitney Point

Walter Munson, who has been calling on North Franklin friends for the past few days, is packing his goods, which he had left in his house here, preparatory to moving to Whitney Point, where he expects to make his home in the future. Mr. Munson is much improved in health, a fact his many friends will be pleased to learn.

Visiting Her Grandson

Mr. and Mrs. Howard Judd of Westbury, L. I., spent the last week-end at the home of his parents, Mr. and Mrs. F. H. Judd. Mrs. F. H. Judd returned to Westbury with them for a time and will visit her little grandson, whom she had not yet seen.

"Devil" Is Present at Meeting of Monday Night Club—Local Notes.

Delhi, Nov. 29.—The Monday Night club held its regular meeting at the home of Mrs. James R. Honeywell at her home on High street Monday evening. The guests were dressed in sheets and pillow cases with the exception of the president, who was dressed in a red costume to represent the "Devil." The interesting feature of the evening was the initiation of two new members into the club, Miss Pauline Farrington and Mrs. Ella Pitcher. The evening was spent in merry-making and a delightful time was enjoyed by all.

Receives Letter From Near East

James E. Harper of this village is in receipt of a very interesting letter from Mr. and Mrs. Henry Bilkert, who are missionaries stationed at Amara, Mesopotamia. It will be of interest to many of Mrs. Bilkert's friends to know that she is the daughter of Thomas Monteth and her mother was Emma Henderson of Harpersfield. Mr. and Mrs. Bilkert's home is about 75 miles up the Tigris river and the thermometer seldom goes below 100 degrees and has gone up as far as 115 degrees. They were sent from Kalamazoo, Mich., and have been there nearly three years. A little daughter was born to them about one year ago.

Local Items

Mrs. John Hanford and two daughters, of Menands, near Albany, are spending a few days at the home of her mother, Mrs. Carrie Banks. — The funeral services of the late Albert Thompson were held Wednesday afternoon at 2 o'clock from his late home, conducted by Rev. Grant Morse of the Episcopal church. The burial was in Woodland cemetery. — A son was born recently to Mr. and Mrs. Marshall Dean of New Cumberland, Pa. Mr. Dean will be remembered here as the son of Mr. and Mrs. Hiram K. Dean of this village. — George P. Davis, who has been the efficient linotype operator at the Delaware Express office, has taken a position with the Norwich Daily Sun and will leave for that place Monday. — Mr. and Mrs. Marshall Arbuckle entertained the Cunningham families, Mr. and Mrs. James Rice and Mrs. Sarah Doides at dinner on Thanksgiving day at the Edgerton hotel. — Mrs. Isabelle Bevier went to Gardiner, on Wednesday to spend Thanksgiving with friends. Miss Crowley is meanwhile caring for Mrs. Bevier's mother, Mrs. Huber. — Among the students and teachers seen home for Thanksgiving were Miss Gertrude Hawkins of Binghamton, Stanley Honeywell of Syracuse university, Paul Crawford of Albany Pharmacy college, Miss Mary Lewis of Elmira college and Gifford Heckroth of New York.

Marriage of Delhi Visitor

The marriage of Miss Dorothy Walworth, only child of Mrs. C. L. Walworth, and Allan Carman, both of Maplewood, N. J., took place Thanksgiving day in the Methodist church at that place. Miss Walworth will be remembered here by Delhi friends as the niece of Mrs. James R. Honeywell, and has spent many summers here. Her father, the late Rev. Charles Walworth, was pastor of the Methodist church in Maplewood at the time of his death. Mr. and Mrs. Carman will reside in Summit, N. J.

Basketball at High School

Two basketball games were played at the High school on Friday evening. The Walton High School girls' team played the Delhi girls and a good clean game was enjoyed by the spectators. The Delhi girls succeeded in winning by a score of 15 to 7. Before the girls' game, two teams made up of High School boys, one being the "Hec" Martin team and the other the Forman Adees team played, the "Hec" team winning the laurels.

MRS. LOUISE BARKER

Life-long Resident of Hobart and Vicinity Dies of Bronchial Pneumonia. Hobart, Nov. 29.—Mrs. Louise Barker, a life-long resident of this vicinity, died at 9:30 o'clock tonight at the home of Mr. and Mrs. Eli Reed on the Gunhouse Hill road, about two miles from this village. For one of her age, Mrs. Barker had been in very good health until about a week ago, when she was taken ill with bronchial pneumonia and failed rapidly. At a late hour tonight the funeral arrangements had not yet been completed.

The American Beauty

In a Drama of Society For People Who Think

"The Beauty Market"

Presents the Woman's Side in An Age-Old Argument

FOREWORD TO THE PLAY—Fashionable society is to man a relaxation, to woman a profession, in which success means position, marriage, her heart's desire. To its glittering circle men bring wealth; women beauty; for the great exchange. Ah, the heartaches and the hidden tears that sear the soul behind the smiling face in fashion's cold exchange. The Beauty Market.

Why Blame the Woman?

Why blame her for using her natural weapons—beauty and charm—to wrest from the world the rewards of wealth and position for which men battle with all the strength at their command.

AMERICAN RAILWAY RATES
Though the freight rates on Amer-
ican railways have in the past year to
a considerable extent increased, the
present figures are by no means as
great as those of railways in Great
Britain, as shown by an article
which appears in the current issue
of the Railway Age. On English rail-
ways, says the above-named publica-
tion, the average freight rate per ton
mile was 26.3 mills exclusive of
charges for collection and delivery.

The average rate on American rail-
ways during the same period, which
was for the first six months of the
current year, was 2.7 mills or about
one-third as great. The average num-
ber of cars in a freight train in Eng-
land was 35, which is about the same
as in the United States, but the aver-
age load on an American car was 28
tons, as against 6 tons in the Eng-
lish car. The average daily mileage
on English roads was less than half
that of cars on our lines, indicating
much greater delay in delivery.

If the average receipts per ton mile
which were collected by the British
railways during the six months peri-
od had been charged against the
freight traffic carried by the Class 1
railways in the United States the lat-
ter would have earned \$5,442,327.118
from their freight business instead of
\$1,847,217.911, the amount they ac-
tually did earn. In other words Brit-
ish rates applied to American traffic
would increase the net to shippers of
the United States \$2,600,000,000 in six
months or \$7,200,000,000 per year, or
virtually \$20,000,000 a day.

While the freight rates of American
railways have been increased since
the period covered by these statistics,
so have the rates on the British rail-
ways. The general increase in freight
rates on the British railways made ef-
fective on January 15, 1920, ranged
from 25 to 60 per cent, plus a flat
rate additional per ton, making an av-
erage increase of 55 per cent for the
country as a whole. Later, on Sep-
tember 1, 1920, these rates were can-
celled and an increase of 100 per cent
plus a flat rate additional per ton,
was made over the rates in effect pre-
vious to January 15, 1920.

BONDING FOR HIGHWAYS

Residents of the state of New
York, who while rejoicing in its ex-
cellent system of state roads, some-
times venture an expression of regret
because of the necessary bonded debt
which has been incurred, may console
themselves by the thought that the
Empire state is not the only one
which is bonding for highways. Dur-
ing the past year bond issues have
been authorized in no less than 32 of
the 48 states of the union, and their
total amount is approximately \$362,-
000,000. The good road work is by
no means confined to one section. It
is going on in east and west, north
and south, and particularly in the lat-
ter, where perhaps as much as any-
where it is needed.

Georgia, for example, and North
Carolina are toward the head of the
list in the amount of the expenditures,
and if South Carolina and Virginia
would join in the work northern
tourists en route to the sunny south
would find much more pleasure than
heretofore in motoring from New
York to Florida.

Officials in the National Bureau of
Public Roads estimate that there is
still \$150,000,000 available from the
federal aid funds. This, along with
funds obtainable from issue, direct
levies and other sources of revenue,
will make available for expenditure of
present over a billion of dollars. Of
this sum it is believed that over one-
half will be used the coming year.

RAILROAD CUTS SHOP FORCE

Ontario & Western Drops 100 Men at
Middletown and Norwich.
Middletown, Nov. 29.—In a move-
ment to reduce expenses the Ontario
and Western railroad has made known
officially today that approximately 100
 motive power employees will be re-
leased next week.

Between sixty and seventy of these
men are to be dropped from the pay-
roll of the shops in this city and the
remainder at Norwich, where the com-
pany maintains shops.

Purchases Spruce Street Home.
William H. and Archer C. Terrell,
well-known local printers, have pur-
chased of Mrs. Minnie W. Lunn the
house they have occupied with their
mother, Mrs. E. Terrell, at 110 Spruce
street for many years past. They were
given immediate possession and will
continue to make it their home.

SUPERVISORS RECONVENE

Receives Reports of County Sealer of
Weights and Measures, and Superin-
tendent of Poor.—Will Attend Farm
Bureau Meeting Tomorrow.—Other
Routine Business Transacted.

Oneonta, Nov. 29.—The Board
of Supervisors reconvened at 2 o'clock
this afternoon at the court house af-
ter a week's recess. At this time two
petitions for corrections of erroneous
assessment rolls were received, as well
as the report of the county sealer of
weights and measures and the superin-
tendent of poor. The official news-
papers for publishing the election can-
vass, concurrent resolutions, etc., were
presented by the Democratic mem-
bers. The budget for the Farm Bu-
reau and Home Economics as pre-
sented was adopted and other business
matters transacted.

Petitions from the town of Burlington
for corrections and omissions to
assessment rolls were presented as fol-
lows: Eighty acres owned by Laura
Wheeler, valuation, \$1,000, and 250
acres owned by R. L. Sawyer, valuation
\$4,500.

In his report for the fiscal year,
County Sealer of Weights and Meas-
ures E. F. Johnson stated there had
been 1,776 miles traveled by him dur-
ing the time he had inspected 1,995
scales, weights and measures. The
greatest inaccuracies were found in
wagon scales, 12 per cent of those in-
spected being found inaccurate. The
other inaccuracies were mostly saw
pumps and measures. There were very
few packages found to be of short
weight, but many loaves of bread were
found to be wanting in weight. Out of
39 loaves inspected 20 were found to
be under weight. Mr. Johnson
does not feel that inaccuracies as they
exist are wilful, but due entirely to
carelessness.

The Freeman's Journal was design-
ated as the official Democratic paper
to publish the session laws and con-
current resolutions, while the Oneonta
Press, Democratic, was appointed to
print the official election canvass and
notices.

NEIL BREWSTER RESIGNS.

Present Collector of Internal Revenue
for District Retires Today.

Revenue offices in several cities of
Central New York will be closed all-
day today for the purpose of check-
ing up accounts preparatory to the
move to the new acting collector, Jesse W.
Clarke of Syracuse.

Neil Brewster, collector for this
district, who has presented his resig-
nation, will retire from office on Dec.
1, and Mr. Clarke, who is at present
Mr. Brewster's chief deputy, will be-
come acting collector. Each time a
change is made in collectors a com-
plete checking up of the affairs of
each branch office in the district is
checked up and it is for this purpose
that the local office will be closed on
Tuesday. This does not affect the
Oneonta office, where taxes are col-
lected, but no stamps sold. Mr. Tay-
lor's office will be open as usual to-
day.

State Breeders' Association to Meet.

The annual meeting of the State
Breeders' association is announced to
be held at the Oneonta hotel in Sy-
racuse, beginning Wednesday, Decem-
ber 15, and continuing three days.
Prominent speakers on live stock sub-
jects are expected and arrangements
are being made for one of the most
instructive and interesting meetings of
the Breeders' Association ever held.
Henry J. Wardwell of Springfield
Center is one of the directors of the
association.

OPPOSES PRIMARY LAW

Congressman-Elect John D. Clarke
presents Opposition to Law and
Tells of Barriers It Imposes on Can-
didates.

Governor-elect Nathan L. Miller is
expected to visit New York city this
week to confer with Republican lead-
ers regarding subjects to be discussed
in his message to the legislature. He
will be confronted, it is said, by an
unanimous demand for either the re-
peal or the drastic revision of the pri-
mary law.

The state Republicans are taking up
the matter on their own account and
they will have several reforms to sug-
gest to the new governor, John Daven-
port Clarke of Fraser, who was elect-
ed to congress at the last election from
the thirty-four congressional district,
which includes the counties of Otsego
and Broome, Chenango and Delaware,
has consulted with the state leaders,
regarding certain amendments to the
primary law, and yesterday summed
up his opposition to the law as fol-
lows:

"It entails a heavy expense on the
taxpayers, with no tangible benefit.
It involves a heavy expenditure on
candidates, and makes it almost im-
possible for a man of modest circum-
stances, however great his ability, to
obtain a nomination because he is not
able to devote the time or stand the
expense involved in a primary, to say
nothing of the general election.

"It opens the door to demagogu-
ery and encourages selfish men to ad-
vance and take popular sides as against
well grounded principles for the pur-
poses of obtaining re-nomination. It
almost makes impossible the nomination
of able men and women, because
they will not submit themselves by
peddling cards and going through a
multitude of humiliating experiences.

"Primary campaigns often engen-
der bitterness that breaks the morale
of the party. People young at primaries
have generally but a limited knowl-
edge of the candidates, and oftentimes
the victor is the best handshaker and
mixer rather than the one best able to
represent the people.

"Personally, I received bills with
pledge cards, accompanying the same
from organizations, asking me to sign
same, the inference being 'if you will
pledge yourself to support our bill,
we will agree to support you.' This is
fundamentally wrong, but it is one of
the off-shoots of the primary."

ANNUAL MEETING OF Y. M. C. A.

New Officers to Be Elected and Buffet
Luncheon Served on December 8.

The annual meeting of the Oneonta
Young Men's Christian association will
be held at the "Y" building on Wed-
nesday evening, Dec. 8. Secretary
A. C. Lange announced yesterday. Owing
to the hall on the third floor now
being used as a dormitory, it will be
necessary to forego the usual banquet
this year, but there will be a very ac-
ceptable substitute in the form of a
substantial buffet luncheon, which
will be served free of charge by the
ladies at 6:20 o'clock.

Following the luncheon, on a short
entertainment will be put on for the
amusement of the young men present,
and then the business session will take
place. At this new trustees and di-
rectors will be elected for the ensuing
year and other matters of interest to
the "Y" acted upon. It is the duty of
all members of the association to ex-
ercise their voting power at the an-
nual meeting, and it is hoped that
there will be a large attendance.

The trustees now in office are Henry
Saunders, I. H. Rowe, George I. Wil-
ber, Dr. A. H. Brownell, Attorney Alva
Seydott and Mayor A. E. Ceperley, and
the directors are J. J. Bookhout, Dr.
George J. Dann, W. H. Hickok, W. G.
Shannon, W. H. Hoffman, Robert Hall,
J. R. Gering, A. J. Relyea, Postmaster
C. J. Beams, A. R. Benedict, M. V.
Beckstedt, Superintendent J. K. Mc-
Neillie, Dr. L. S. Lang, Attorney L. D.
VanVoert and E. E. Smith.

Hygrade Brand Butterine was not
placed on the market until it was ab-
solutely perfect. That is why it be-
came instantly popular, and that is
why its popularity is constantly in-
creasing.

PLUMBER DIDN'T

GO OUT ON STRIKE

John Paine, the well known plumber, says he didn't go
on strike when he laid off for three weeks but that he was
so nervous that he couldn't cut a thread in a pipe or do
anything else in his line of work.

"I was just down and out," he says. "I'd lost weight, had-
n't been able to sleep and was so nervous that it almost
drove me crazy to try to stick on the job. I had to lay
off work and tried a couple of nerve tonics. They did help
and seemed to make me more alert. I came across
Goldine No. 1 and what do you think? It took that me-
dicine only five days to take the twitches and trembling out
of me. It's medicine we're right about. I'm eating and sleep-
ing like a top and feel fine. Goldine No. 1 is a great tonic.
I wish I could tell you more about it. It's a great tonic.

A Little
Close Harmony

(National Crop Improvement Service.)

"MUSIC'S growing position in
shops and offices and fac-
tories is psychologically
akin to its therapeutic applica-
tion," says Mr. Frank E. Morton,
acoustic engineer, American Steel
& Wire company.

"It is more prophylactic than
curative. The old tars in the sail-
log ship were a jolly lot with their
chanters. The darkies with their
plantation lullabies; the French
Blue Devils with their 'Madelon,'
and don't you remember the plow
boys out on an open prairie sing-
ing 'Sweet Adeline'?"

York and Chicago, the department
of justice investigators never
found a single musical instrument.

MOORE OF CHERRY VALLEY

Figured Conspicuously as Conscientious
Draft Objector, Now Released.

A dispatch from Washington, which
announces that the last of the con-
scientious draft objectors has been set
free, and the prisons of the United
States, long after those of the other
parties to the great war, are empty
of men who refused to take part in
the conflict, contains the following
reference to a Cherry Valley boy:
which is so decidedly at variance to
the attitude of the young men of the
county of Otsego that it will be read
with interest and should be remem-
bered by all residents of the county:

Six well known objectors had been
ordered released before Secretary
Baker took up the final review which
cleared the records of the last of the
600-odd names of the men who re-
fused during the draft to accept fur-
loughs for farm work, to be assigned
to non-combatant duty or to yield to
military authority of any kind.

Howard W. Moore of Cherry Valley,
N. Y., was the chief of these six.
Moore already was in prison in 1918,
when the Carnegie Hero Fund com-
mission granted him a gold medal and
\$500 for saving the life of a girl at
Sound Beach, Conn., two years before.
He was typical of the "absolutists"
and while he was at Leavenworth Dis-
ciplinary barracks was credited with
having "scored more infractions of
the rules than any other man ever
confined there." This was because he
resolutely refused to obey any order
given him by a man in military uni-
form.

Crosby Heirs Get Part of Award.

Judge Hasbrouck of Kingston has
handed down a decision directing that
a part of the award for the prop-
erties of the Dutch Reformed church
and the village school district of Gil-
boa, made a short time ago by the
Schoharie Reservoir and Shandaken
Tunnel commission, be given to the
heirs of Thomas O. H. Crosswell and
Abel Brace. The men named gave a
deed to the property to the church in
1836, with the reservation that in case
a church should not be maintained
thereon, the land should revert to the
grantors or their heirs. The church
later deeded a part of the property
to the school district, and the New

HE WON'T DROP DEAD ANY

MORE

"My husband suffered terribly from
stomach and liver trouble, which caused
such bloating of his abdomen as to seriously
affect his health. Doctors warned him that
he might drop dead at any time from this
trouble. A friend in Cleveland advised him
to take Mergal's Wonderful Remedy, and
since taking it four months ago, he is
feeling like a young man again. All his
friends are surprised at his appearance."
It is a simple, harmless prescription that
removes the catarrhal mucus from the in-
testinal tract and allays the inflammation
which causes practically all stomach, liver
and intestinal ailments, including appen-
dicitis. One dose will convince or money re-
funded. Miller Strong Drug company.

The Boy Scouts.

"Do a kind act every day" is their motto and it's great. Go to it, boys, and we'll work together. My motto is "live and let live" and I'm giving little fellows a fair chance and a square deal. I've helped them to safely make small amounts roll up to several million dollars, for homes and farms and have made rent money pay for them. I'm now doing the trick to the tune of three million more, and Oneonta people are fast waking up to the fact that "doing a kind act every day" and "live and let live" are the best and grandest games that ever came down the pike. Have you ever thought out how girls and women get the most benefit from our work and don't know it? Let's wake 'em up. I am the safe and sane Oneonta Building and Loan association.

Annual Meeting of Council.

Oneonta City council, Boy Scouts of America, will hold its annual meeting at 7:30 o'clock Wednesday evening at the Chamber of Commerce offices. Election of officers and consideration of a budget and of rooms for the Scouts will be among the important matters brought up for action.

GUARDING AGAINST EPIDEMIC.

High School Students Sent Home as Result of Campaign Against Disease.

Although the diphtheria epidemic in the city has passed its peak, special precautions against the spread of the disease in the city schools have been taken during the past two weeks. On Tuesday and Wednesday last, prior to the holiday recess, cultures of all students in the Oneonta High School were taken by the city nurses, Miss Gile and Miss Knopf, on the recommendation of Health Officer Augustin and Superintendent Dann. These cultures were sent to the Albany laboratory for examination, with the result that 15 were returned pronounced "negative."

These 15 students were consequently dismissed yesterday morning at the reopening of school and will remain isolated in their homes until the authorities are assured that they are no longer active carriers of the disease. Cultures of these carriers will be taken every two or three days and when two "positive" cultures have been secured, they will be allowed to go free. The houses which they occupy are not quarantined, but the carriers are kept isolated so as not to spread the germs.

BOOSTERS MEET TONIGHT.

Final Reports of Committees Expected To Be Submitted.

The Boosters will hold their second regular meeting at 7:30 o'clock this evening at the Chamber of Commerce offices. A large attendance is expected, as 45 members have already been accepted and many others have their applications in, to be acted upon by the membership committee before it closes the charter membership just previous to the meeting.

Final reports by the street signs committee and the committee appointed to lay plans for a comprehensive information survey of Oneonta, are expected to be submitted at the meeting. Other committees will report on progress made, and several new propositions will be brought up for consideration.

As the by-laws of the Boosters are strict as to attendance at meetings, Chairman F. H. Marx has requested that any Booster unable to be present tonight for any legitimate reason, should notify Secretary Hicks at the Chamber of Commerce of his excuse previous to the meeting.

IS LICENSED OPTOMETRIST.

Charles H. Odell Possesses New Jersey and New York Certificates.

Charles H. Odell, who for several years past has been employed in the optical offices of Franklin J. Ives, has just received a certificate showing that he has passed the New York state examinations for a license to practice optometry. Mr. Odell, who is the son of Amos E. Odell of this city, was a member of the optometry class of 1914 at Columbia university, and afterward entered the employ of Mr. Ives in this city. Last June he completed a special two years' course at the Rochester School of Optometry and resumed work at the Ives' offices.

Mr. Odell is also a licensed optometrist by examination in the state of New Jersey, having received his certificate from that state last June. The New York certificate arrived last week, and Mr. Odell is thus permitted to practice his profession in either of the two states mentioned, or in any other state where optometry laws are similar. The young man's plans for the future are as yet undecided, but for the present he will be with Mr. Ives.

Hunting Haunted House at Hunter.

Readers of The Star no doubt recall the article of yesterday morning relative to the alleged haunted house at Hunter, and the reward of \$500 said to have been offered to whoever would remain in the house overnight. The "dare" has been taken by N. A. Dorion, a D. & H. conductor with rooms at the Oneonta Hotel, who, after telephoning a Hunter physician yesterday morning and getting confirmation of the offer, packed his grip and departed on the afternoon train for the heart of the Catskills. The story of his adventures last night will be awaited with interest.

RIGGS DIES OF INJURIES

PASSES AWAY AT HOSPITAL LAST EVENING AT 6:10, FOLLOWING ACCIDENT AT COLLIERIES

Is Hit by Falling Tree Measuring 18 Inches in Diameter—Brought to Hospital by G. W. Westcott of Colliers—Suffered Internal Injuries.

Clarence Delbert Riggs, formerly of Delhi, died last evening at the Fox hospital at 6:10 o'clock, from injuries received yesterday afternoon about 3 o'clock while at work in the woods near Colliers.

Riggs was working with a number of other men in the woods, cutting a large chestnut tree, which measured 18 inches in diameter. As the tree began to fall Riggs, who was at the saw, ran down the hill and it is believed that he slipped, thus being unable to avoid being hit by the tree. Although he was not struck at the first fall of the tree he received a strong blow across the back, as it bounded from another tree near at hand. He was at once brought to Oneonta by C. W. Westcott, proprietor of the Colliers grocery store, and was attended by Dr. Cutler. It was found that he had received serious injuries on the back and was also internally injured. No operation was performed and he died as above stated at 6:10 o'clock.

Mr. Riggs was born in Delhi on March 14, 1900. He spent most of his younger days in Delhi and vicinity. Three weeks previous to his death he was married to Miss Blake of Delhi. Mr. Riggs had formerly been employed by the Tweedie Contracting company of Walton. He was a member of the Veterans of Foreign Wars, of that village.

Mr. Riggs is survived by his mother, Mrs. B. Riggs, of Colliers; two brothers, John and Corland, and James of Colliers, and by one sister, Enos Riggs of Unadilla.

The funeral arrangements have not yet been made and will be announced in Wednesday's Star.

Right Leg Fractured.

While unloading railroad iron from cars in the yards near Richmondville yesterday afternoon, Leif Clapper received a compound fracture of the right leg, when one of the irons was accidentally pushed from the car and landed on his leg. He was at once taken to Colliers where he was attended by the company's physician, and by his advice he was brought to this city on a special coach, accompanied by several of his fellow workmen, and removed to the hospital. He was attended by Dr. Cutler, who removed the broken bones, and it is believed that unless other injuries develop it will not be necessary to amputate the leg. Reports from the hospital late last evening were that he was resting comfortably.

AUTO AND TROLLEY COLLIDE

Albany Touring Car Damaged in Crash at Corner of Main and Elm.

Another automobile that tried to dispute the right of way with a city trolley came to grief last night at the corner of Main and Elm streets. The car, a five-passenger Case, was owned and driven by H. A. Briggs of Albany, who had with him C. A. Dolg of Quaker Street. Briggs was coming down Elm street and turned west into Main. In making the turn he swung out across the track, evidently not noticing the approaching trolley, which was bound for East End. He made an effort to get back on the right side of the street again, and nearly succeeded, but the trolley struck the left rear-end of the auto and knocked it over to the curb. Fortunately the auto remained right side up and neither of the occupants was injured.

Mr. Dolg, in reporting the accident at police headquarters, said that another auto was standing near the curb on the corner and that they had to swing out into the car track to avoid hitting it, and did not notice the approaching trolley until it was too late. Motorman Strong of the trolley said that he saw no auto parked by the curb and thought the auto had plenty of room to make the turn without running into the track. He gave it as his opinion that the auto was traveling at a good rate of speed.

The damage to the auto was confined to the rear end, where the trolley struck it. The left wheel was demolished, the fender and axle bent, and the running board dented in. It was removed to Dibble's garage for repairs. The trolley car was not damaged.

Public Market to Continue.

A number of farmers supplying produce for the City Public market signed a petition Saturday last and presented it to Mayor Ceperley, asking for the continuation of the Public market for a longer period. The mayor informed them that as long as they furnished an abundant supply of farm produce and sold it at a price that would result in good patronage, it would be continued.

Mothers' Club on Wednesday.

The meeting of the Mothers' club will be held at the First Baptist church Wednesday at 2:30 p. m. Following the Christmas story told by Mrs. Farley, there will be an open discussion of "Christmas in the Home." All women of church and city are invited to come and bring soup or jelly for the tuberculosis hospital.

Ford
THE UNIVERSAL CAR

Out of the more than 4,250,000 Ford cars now in use, about sixty per cent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

KIRSCHBAUM CLOTHES

Reduced 25 to 35 Percent

And the Prices Originally Were Marked Very Close to the Actual.

Cost Of Making

The prices at which we purchased these Fall clothes represented a sacrifice by the Kirschbaum shops of all profit and a part of the actual manufacturing cost, in many instances. Our original prices were marked

very closely to these figures—not a single one of them has been altered in the slightest. But now to meet the public's viewpoint in clothing prices, we are reducing these figures one-fourth, one-third and better.

The new low prices on other good stuff for men come just at the right time to help you out in buying your holiday gifts.

OBITUARY.

Alzina E. Reynolds.

Alzina E. Reynolds, wife of Charles Hall, died at her home near Oleana Monday morning, Nov. 15, after a six months' illness from Bright's disease, aged 62 years.

She was the daughter of Jacob and Betsy Reynolds and had spent her entire life, except a few early years, in this vicinity. She is survived by her husband, two sisters, Mrs. Lester Miller of Oleana and Mrs. Ada Squires of Oleana, and two nieces, Mrs. L. J. Haines of Kyserke and Mrs. F. C. Briscoe of Oleana, she having cared for the latter as her own child from the age of five months.

Funeral services were held at the home Wednesday, Nov. 17, conducted by her pastor, Rev. Dr. M. C. Miner, of West Oleana, and interment was in Hillington cemetery at Morris.

Among those from out of town who attended the funeral were Mrs. Ada Squires of Oleana, Mrs. L. J. Haines of Kyserke and Mr. and Mrs. Charles Prentiss of Binghamton.

Bringing Their Deer With Them.

A recent issue of the Binghamton Sun has a picture of five hunters of that city and of the five bucks which a few days before they had captured after a brief period of deer stalking in the Adirondacks. One of the successful hunters was E. C. Lake, formerly of Oleana, who for four years has been in the woods during the hunting season, securing a buck each time. His trophy this year was a eight-point buck.

Domestic science schools all teach that quality is of the greatest importance. Among the better known schools which use Baker's certified flavoring extracts is the Emma Willard school of Troy, N. Y.

Battery Storage

The other kind of storage is dry storage. In this method we take your battery apart, remove the old separators and wash the plates. Then they are carefully dried. The jars are cleaned of old sediment. The elements are then placed in the jars, labeled and put away. When you want your battery we put in new insulation and reassemble, with new acid. Your battery then has clean plates, clean jars, new separator and new, clean acid and is ready for the season's service.

ONE OF THE WHITTAKER BOYS

Owner of Albany Visits Old Home in Oleana and Recalls Early Railroad Days.

Owner Whittaker of Albany, long an engineer on the Susquehanna division of the D. & H., who was retired on pension less than two years ago, arrived in Oleana, his former home, Sunday evening on his way to visit his daughter, Mrs. Alice Boyce, of South Side. While in the city he met a few of the old boys of his railroad days—there are few of them left—known then and pleasantly recalled the early days of railroading.

Mr. Whittaker, who had been visiting his brother Oscar, more familiarly known as "Deke," at his home at Day's Rock, near Mohawk, was one of four brothers, all of whom were D. & H. engineers. He entered the service of the company at Oleana as fireman in 1871, and was in its employ for 47 years, 24 years of that period being as engineer on passenger trains. Seven years he was fireman with the company, and at the beginning of this period the entire motive force on the line consisted of 34 little engines, only a few of them coal burners. The others were the little wood burners of the earliest Susquehanna days, and no doubt many readers will recall the piles of wood which in the '70s used to be found at practically all stations, the replenishing of which no doubt had a share in denuding the Oleana hillsides of their forests.

It is recalled that in the early days the engines were named from officers and directors of the company, and from prominent citizens along the line. Among these were the "Peter Gagger," "John Westover," "Jared Goodyear," "Charles Cowater," "Howard Harder," "John Cook," "C. Delevan," "J. V. L. Pruyn," "Ira E. Sherman" and "E. R. Ford." The latter being named from the title Eilhu R. Ford, largely through whose efforts the D. & H. shops were located here. The last two years of Mr. Whittaker's service as fireman was on the "E. R. Ford."

"The Girl in the Limousine"

Unusual interest centers about the appearance of "The Girl in the Limousine" in this city. This farce was written by the authors of "Up in Mabel's Room" and "The Gold Diggers" and has been attracting large audiences in New York for the past eight months. It also has had a successful run in Boston and Chicago. It will open at the Oleana theatre on Dec. 22 for an engagement of one performance only. A. H. Woods is the producer and this means that the farce contains novelty sure to appeal to the popular taste. Coupled with this fact is the announcement that the fact-makers are headed by Harlan Briggs and Jane Iden and supported by Thomas J. Evans, Dana Malloy, Daniel Stevens, Mary Diehl, Helen St. Leger, Viola Scott and others.

Boys Taken Home.

Thomas Boyle, conductor on the D. & H. railroad, residing on Brook street, who was injured last Saturday morning in the Carbondale yards, while assisting the brakemen at their work, and who was taken to the hospital, was removed to his home yesterday. Although he received several bruises about the body, he was reported as resting comfortably. He is still confined to his bed.

Danforth Bolton Improving.

The condition of Danforth Bolton, who suffered a gunshot wound in one arm last week from the accidental discharge of a gun in the hands of a companion, is announced as very favorable. Yesterday morning the shot, of which there was a considerable number, were removed and the wound thoroughly cleaned and dressed. The operation was not a difficult one and there is no apprehension felt regarding his early recovery.

Undergoes Operation.

Mrs. Richard Slusser of this city was operated on at her home Sunday morning by Drs. Brownell and Brinkman. The operation was performed on the eyes and was successful. She is reported as doing as well as could be expected.

FREE YOUR BLOOD FROM POISON

Take Pepto-Mangan, the Famous Blood Tonic Prescribed by Physicians for 30 Years

Stagnant blood clogged with poisons makes you lazy. You never feel like getting up in the morning. And when you do get up, you find that feeling of restlessness. You feel more tired than when you went to bed. After a good night's sleep, you would expect to feel refreshed. And you would, too, if your blood were full of red corpuscles. Your complexion would look fresh, your eyes bright and clear, you would feel the warm tingle of good health. Look to your blood if you have that lazy, heavy feeling in the morning. Begin taking Pepto-Mangan—the ideal tonic. It has blood building properties that pick you up and give you strength. Sold at any drug store. But be sure you get the genuine Pepto-Mangan. "Gude's" Ask for it by the full name, and be sure "Gude's" Pepto-Mangan" is on the package.

TO CHILD FEEDING FUND AND FROM BOTH CITY AND COUNTRY READERS.

Donations of Monday Aggregate \$160, Which Swells the Fund Received Through Star to \$1,413.25—Indications of Increasing Interest.

Yesterday was perhaps the most encouraging day that the Child Feeding fund has experienced, the number of individual subscribers being the largest and the total of \$160 indicating that before the month of December has passed that the amount which may reasonably be expected from this section will be reached.

Sunday schools and various organizations are responding. The Oleana Woman's Relief corps, which does much excellent work along other lines, sent \$10, which is a liberal subscription with its ranks depleted in recent years.

Readers are reminded that it is not in large donations that the fund will be reached, but many subscriptions of modest amounts and from the great army of moderately well to do will be the hope of the fund.

JOHN H. SMITH CLIMBED.

Long-Time Kortright Resident Had Relatives in Oleana.

Death came suddenly on Sunday morning, Nov. 21, to John H. Smith, a long-time resident of Kortright Center. He arose in the morning, remarking to his wife that he had never slept better in his life, and proceeded to kindle a fire, after which he laid down again. In a few minutes, Mrs. Smith heard him in distress and on going to his bedside found him unconscious. He passed away almost immediately. The coroner was called, who declared death was due to an organic heart trouble.

The deceased was born Nov. 25, 1855, thus lacking but two days of being 65 years of age. The surviving relatives are his wife, Mrs. Augusta Smith, one brother, LeGrande Smith of Oleana, two sisters, Mrs. Nellie Harkness of Kortright Center, and Mrs. J. C. McLaury of Schenectady, and an adopted daughter, Mrs. Harry Lehner, of Oleana, all of whom were present at the funeral, which was held on Tuesday, the 23d at the late home, conducted by Rev. W. S. Price of Glenshire Memorial church. Burial was made in the Kortright cemetery. The pall bearers were John and William Rice, King McLaury, Samuel Bright, William Lee and Samuel Shearer.

Nineteen Bucks Killed.

The Hancock Herald of last week reports that in the two weeks of the open season in the county of Delaware 19 bucks were killed in that section of the county. The largest kill victim to the gun of Bert Tompkins, a local sportsman. It was a buck weighing 255 pounds. Hundreds of sportsmen hunted the hills of Southern Delaware, but in general without success.

Wanted—Carpets to clean. Oleana Carpet Cleaning works. Phone 1135-W.

Miss Ella Eggleston returned yesterday to Gloversville, where she is attending school, she having spent Thanksgiving with her parents, Mr. and Mrs. W. F. Eggleston, Maple street.

Miss Dorothy L. Huntington, who had been spending the Thanksgiving recess with her parents, Judge and Mrs. S. L. Huntington, has returned to Yonkers to resume her school duties.

SLOAN'S GOES RIGHT TO THE ACHING SPOT

You can just tell by its healthy, stimulating odor, that it is going to do you good

THOUSANDS of men and women, when the least little rheumatic "tick" assails them, have Sloan's Liniment ready to knock it out. Popular over a third of a century ago—far more popular today. That's because it is so wonderfully helpful in relieving external rheumatism—sprains, lumbago, headache, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it sores the pores without rubbing, to the sore spot. No mass, no stained skin. All druggists—5c, 10c, \$1.40.

The Rediscovered Sun

"Along about noon yesterday," said a resident of Oleana last evening, a round and shining object, variously estimated in size from that of a tin wash basin to that of a dish pan, not much brighter, was observed between clouds in the southern sky. Later the clouds all disappeared and it was visible, moving slowly toward the southwest, until nightfall. Some of the older inhabitants and younger ones not forgetful assert that it was often seen last October, and that occasional glimpses of it were had in early November of the present year. It is said to be called "the sun."

Wanted—At once, woman to wash woodwork, windows, etc. Two or three days' work. Apply Fingman's grocery.

POLAND FACES
TYPHUS SCOURGE

600 Victims Are Dying Every Day in Warsaw

DISEASE SWEEPS COUNTRY

Polish Bureau of Information Tells Plight of People of New Republic—Deaths of Thousands Predicted This Winter, in Spite of the Relief From America—Bolsheviks Tried to Solve Own Problem by Fostering Thousands of Their Sick on Poland.

The following statement was made public by the Polish bureau of information, telling of the conditions which Poland faces this coming winter:

"The Polish army has turned back the Bolsheviks before Warsaw. With the tension occasioned by danger of immediate attack over, comes news of the deplorable conditions in the city. For the last two months 600 a day have been dying in Warsaw from typhus. Even before the sick and wounded from the armies flooded the city all hospitals were filled to capacity with typhus and spotted fever victims.

"The Bolshevik advance threw tens of thousands of sick and starving refugees on the city, many of whom have had to remain there because they had no means of getting out. Warsaw, normally a city of 500,000 inhabitants, today has a population of 1,000,000 and home building has been at a standstill for the last six years. Before the Bolshevik advance the municipal authorities were caring for 40,000, the majority Russian, who were without homes of any sort.

"In June the agricultural ministry estimated this year's crops at about 60 per cent of normal. Of this potential food supply more than half was in the lands invaded by the Bolsheviks and is a total loss.

"The conditions that Warsaw faces prevail to a greater or lesser extent throughout the country. Dr. Jesse J. Holmes of Swarthmore, who returned in July from Poland, reports that thousands will die this winter from cold, hunger and typhus in spite of relief work now being carried on.

"Poland, today, Doctor Holmes says, is fighting a far greater enemy than the Bolsheviks. Typhus has already raged in that country and next winter an extreme epidemic all over the country is expected."

Is the Muskrat Mistaken?

There isn't going to be much snow this winter unless the muskrat signs fall, according to Fur Dealer Duane Joslin of Cazenovia. The muskrats have built their homes low this season, indicating that they anticipate low water, which, of course, means little snow. Last year Mr. Joslin predicted lots of snow because the muskrats built their houses high, and he struck it right. Two years ago he said there would be an open winter as the houses were low and he was right that time, too.—(Cazenovia Republican.)

EVENTS AT WEST END

Ladies of Plains Church Serve Chicken Pie Supper Wednesday Evening—Alice Burrell Celebrates Birthday.

The Ladies Aid society of the Plains Methodist church will serve its annual chicken pie supper Wednesday evening in the church parlors, beginning at 6 and continuing until all are served. The ladies are noted for the fine meals they serve, and no doubt there will be a large attendance.

W. C. T. U. to Meet

The Plains W. C. T. U. will hold its regular monthly business meeting at the home of Mrs. Eugene Riferbark of the Plains Thursday of this week at 2 o'clock. Each lady is requested to bring articles for the Blundon box.

Enjoyable Social Functions.

Mr. and Mrs. S. S. Burrell of 6 Pearl street gave a birthday party last night in honor of their daughter, Miss Alice, the occasion being her thirteenth birthday anniversary. Sixteen girl friends were present and the evening was very enjoyably passed in games and music, and at a late hour delicious refreshments were served. The house decorations were blue and white, and handsome table favors were in evidence. The girls left Alice many beautiful birthday gifts.

Mrs. Elvin Enshin of 357 Chestnut street entertained a number of her friends at a party at her home last Saturday night, the occasion being her birthday. The evening was one of much enjoyment to all, games and music being features, as well as a bountiful course dinner, with a birthday cake and cardies.

Harry Ford Has Injured Eye.

Harry Ford of the Plains, an employee of the Delaware and Hudson company, had the misfortune Saturday to badly injure his eye. While at work in the shops he got a cinder in his eye and it caused him so much trouble that he went to the Fox Memorial hospital for treatment. It is thought that the cinder cut the eye. Although causing him much pain, Ford is improving under the care of Dr. Cutler, and goes to the hospital every day for treatment.

Others Who Are Indisposed.

Miss Frances Lorraine, the daughter of Mr. and Mrs. F. H. Lorraine of 31 Morgan avenue, is suffering from an attack of mastoiditis. Dr. Lange is the attending physician. Her many friends hope for an early recovery. Mrs. Ethel Beamis of 10 Pearl street, who has been suffering for some time with the same ailment, is reported to be improving under the care of Dr. Lange.

To Winter in Sunny South.

Mrs. Dora Whitney of the Plains left last evening for Athens, Tenn., where she will spend the winter with her daughter, Mrs. William Anderson. During her absence, her home here will be occupied by her son and

daughter, Mr. and Mrs. Milton Whitman, now of Watkins Avenue.

Thanksgiving Visitors; Other Guests.

Mrs. Fred Becker of 402 Chestnut street has returned home after spending Thanksgiving with her parents, Mr. and Mrs. F. J. Ellinger, of Birmingham.

Mrs. Michael Cummings and two daughters, of 5 West End avenue are spending some time with relatives in Watervliet.

Mrs. Dickinson of Cobleskill is spending a few weeks with her uncle and aunt, Mr. and Mrs. Arthur Campbell, 19 Luther street.

Mrs. Stanley Lavendosky and daughter, Charlotte, of 11 Gilbert street, have returned home after spending Thanksgiving with relatives in Birmingham.

Mr. and Mrs. D. J. Kilkenny and son, Dennis Jr., of Lower Chestnut street, have returned home after spending the week-end with Mr. and Mrs. L. M. Horton of Cortland.

Mr. and Mrs. M. Heale, of Albany are spending the week with her parents, Mr. and Mrs. W. S. Le, near 271 Chestnut street.

Mrs. William Brook of Norwich has returned home after spending Thanksgiving with her sister, Mrs. Elmer Bugbee, of the Plains.

Mrs. Harry Ford of the Plains spent Sunday at Portlandville with her sister.

Howard Wilkins and Carl VanHartung of Birmingham have returned after a visit with Y. E. Andrus, 310 Chestnut street.

Mrs. Eliza Lewis and daughter, of Albany, who had been the guests for some time of the former's daughter, Mrs. Bruce Larrabee, of 363 Chestnut street, have returned home. They were accompanied by Mrs. Larrabee, who will spend a week with them.

WESTERVELT LEAVES AUBURN

Designs as Secretary of the Chamber of Commerce to Accept Similar Position at Northampton, Mass., at an Increased Salary.

Charles E. Westervelt, executive secretary of the Auburn, Maine, Chamber of Commerce since September, 1918, when he left Oneonta to accept that position, has tendered his resignation there to become secretary of the chamber at Northampton, Mass., where he will go Dec. 15, at a substantial increase in salary. Announcement of his resignation is contained in a copy of the Evening Journal, published at Lewiston, Maine, which has reached friends here. The new position came to Mr. Westervelt without solicitation and even without his knowledge that he was being considered for the position.

The following reference to his work in Auburn is so applicable to his record in Oneonta that it will be read with interest by all his friends here. Although Mr. Westervelt's friends, who now include nearly everybody in Auburn, will congratulate him upon the new position he has received, they will learn of his departure from Auburn with sincere regret.

Mr. Westervelt has been more than the executive secretary of a civic organization, he has been an Auburn institution. When an important civic change has been contemplated, those interested have first said, "Well, let's go down and talk it over with Charles Westervelt." When there were big things to be done—thousands to be raised in drives, or some project calling for tact, perseverance and ingenuity—the first thought "as always" was the same: "Let's see Charles Westervelt, he'll put it over."

It was his business, of course, to "put things over." But people didn't

go to him merely because he was executive secretary of the Auburn Chamber of Commerce. They went to him because he was always pleasant, always interested, ready to listen, willing and anxious to co-operate, and possessed of an energy and resourcefulness that carried project after project to success. In short, there was a general impression in Auburn that Charles Westervelt was the one to whom you wanted something done; and a reputation of that kind is the most valuable thing in all the world.

Mr. Westervelt was here during the dark days of the war, and the wonderful success of the great Auburn war drives was due in large degree to his energy and initiative. But his prominent will be the new Y. M. C. A. building. Modestly disclaiming credit, which he wished given to others, he yet worked day and night to put that \$250,000 drive across. And the final figures—\$252,000—will remain for a very long time unduplicated in a city of Auburn's size.

Northampton, to which Mr. Westervelt has been called, is the home of Vice-President Coolidge. It is a prosperous, substantial city about 160 miles from Loston, in a territory wherein he is widely acquainted. It is a broader field of far-reaching possibilities. His friends will be glad that so fine an opportunity has come to him—but they miss him as they will miss few men.

Wesleyan Campaign Conference New York, Nov. 29—Tomorrow evening (November 30) representatives from each of the larger cities in New York, New Jersey, and Pennsylvania will gather at the City Club for a 6:30 o'clock dinner and conference on the completion of the \$2,000,000 Wesleyan University Endowment campaign, which closes February 10.

Subscriptions have reached the \$2,250,000 mark and at this conference plans will be discussed for raising the remaining \$750,000. Between 40 and 50 prominent former Wesleyan men have been invited to attend the dinner.

R. Nelson Bennett of Wilkes-Barre Pa., chairman of the national executive committee, expects to outline plans which combine the most successful features of all the various college campaigns that have been launched during the past two years.

MORRIS BOY MARRIED.

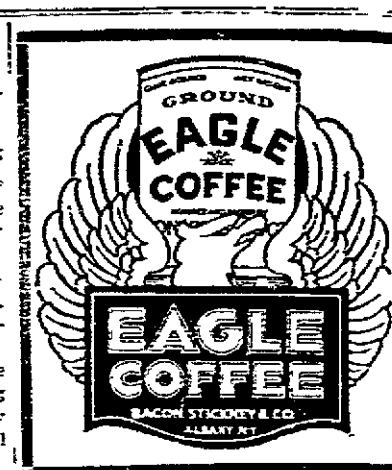

Gilbert Ferguson Takes Uca Girl for Bride.

Miss Sophia Weiler of 419 Spring street and Gilbert Ferguson of Morris were united in marriage at the manse of Rev. Perry J. Stachhouse, D. D., at 4 o'clock Wednesday afternoon. They were attended by Mrs. E. Guppert, sister of the bride, and Robert Morris, cousin of the bride. Miss Agnes Guppert acted as flower girl.

The bride and bridesmaid were charmingly attired in brown traveling suits with hats to match and they wore beautiful bouquet of bridal roses.

Following the ceremony, a wedding breakfast was served at the home of the bride's parents, after which Mr. and Mrs. Ferguson left for a trip through the east when will include New York and other points. They will reside at 419 Spring street on their return. They were the recipients of many beautiful and useful gifts.—(Uca Press.)
